

## Local, State and Federal Funding Opportunities

PROGRAM	Total allocation	Funding available this Round	Purpose	Eligible Projects	Status	Anticipated Timeline	Notes
MWD Accelerated Recycled Water Retrofit Program	\$10M	\$10M	Provides financial incentives directly to customers	Public and private owners to convert potable water irrigation or industrial water systems to utilize recycled water.	SOLICITATIONS OPEN	First come first serve basis starting 7/1/16 through 6/30/18 or until funds are exhausted.	
MWD Local Resource Program			Provides financial incentives for the development of water recycling, groundwater recovery, and seawater desalination projects.	Projects can include: <ul style="list-style-type: none"> <li>Water recycling</li> <li>Groundwater recovery</li> <li>Seawater desalination</li> </ul>	SOLICITATIONS OPEN	Three incentive payment options: <ol style="list-style-type: none"> <li>Sliding scale incentives up to \$340/AF over 25 years,</li> <li>Sliding scale incentives up to \$475/AF over 15 years, or</li> <li>Fixed incentive up to \$305/AF over 25 years.</li> </ol>	
Water Savings Incentive Program			Open to all commercial, industrial, agricultural, institutional and large Landscape customers	Project examples: <ul style="list-style-type: none"> <li>Replacement of older, less water-efficient equipment,</li> <li>Comprehensive changes to industrial processes that reduce water consumption,</li> <li>Improvements to existing irrigation systems and landscaping to improve water use efficiency.</li> </ul>	SOLICITATIONS OPEN	Payment amount is up to \$0.60 per 1,000 gallons saved per year over the project live, up to a maximum of 10%. Incentives are limited to 50% of eligible project costs	
So Cal Water\$mart		Dependent on type of project	Business and residential rebates to help encourage water efficiency and conservation	<b>Commercial Projects:</b> Plumbing Fixtures Landscaping Equipment Food and HVAC Equipment Medical and Dental Equipment <b>Residential Projects:</b> Turf Removal Residential Devices	SOLICITATION OPEN		

## Local, State and Federal Funding Opportunities

PROGRAM	Total allocation	Funding available this Round	Purpose	Eligible Projects	Status	Anticipated Timeline	Notes
SWRCB Groundwater (Proposition 1)	\$800M	\$744M (FY 15/16)	Projects that prevent or clean up contamination of GW that serves or has served as a DW source.	Planning projects; implementation projects including but not limited to: <ul style="list-style-type: none"> <li>• Wellhead treatment</li> <li>• Extraction wells with treatment</li> <li>• Centralized GW treatment</li> <li>• GW recharge to prevent/reduce contamination</li> <li>• GW injection to prevent seawater intrusion</li> </ul>	Public Comment period PAST; SOLICITATION OPEN	June 2016: Applicant Workshops Continuously: Pre-Applications Due TBD: Grant Award	<ul style="list-style-type: none"> <li>• Applicants must submit a pre-application before submitting a final application.</li> <li>• Final applications are available as of June 10, 2016</li> </ul>
State Coastal Conservancy (Proposition 1)	\$100.5M	\$10M	Multibenefit ecosystem and watershed protection and restoration projects.	Planning projects; implementation projects that promote at least 2 of the following benefits: <ul style="list-style-type: none"> <li>• GW recharge</li> <li>• WQ improvements</li> <li>• Urban forestry</li> <li>• Public greenspace watershed health</li> <li>• Runoff reduction</li> </ul>	Round 4 SOLICITATION OPEN	June 30: Proposals due	<ul style="list-style-type: none"> <li>• Priority for Round 4: Urban Greening in LA County</li> </ul>
SWRCB Stormwater: Implementation Grants (Proposition 1)	\$200M	\$80M	Multi-benefit SW projects that are respond to climate change, and are included in an adopted SW Resource Plan or IRWMP. facilities	Implementation projects including but not limited to: <ul style="list-style-type: none"> <li>• Green infrastructure</li> <li>• SW capture</li> <li>• SW treatment</li> </ul>	Round 1 SOLICITATION OPEN	July 8, 2016: Proposals due <b>October 2016: Round 1 grant awards</b> <b>TBD 2018:</b> Round 2 solicitations for implementation grants	<ul style="list-style-type: none"> <li>• Planning grant solicitation closed in March (\$20M)</li> <li>• One more round of implementation grants anticipated for FY 16/17 (\$100M)</li> </ul>

## Local, State and Federal Funding Opportunities

PROGRAM	Total allocation	Funding available this Round	Purpose	Eligible Projects	Status	Anticipated Timeline	Notes
CNRA Urban Rivers (Proposition 1)	\$20M	TBD	Multibenefit green infrastructure projects that increase regional & local water self-sufficiency.	Implementation projects that promote at least 2 of the following: <ul style="list-style-type: none"> <li>• GW recharge and water reuse</li> <li>• Energy conservation</li> <li>• Runoff treatment using soils, plans, and natural processes</li> <li>• Restoration of native habitat</li> <li>• Regional and local resiliency to climate change impacts</li> </ul>	Public comment period OPEN	June 17, 2016: Public comments due July 2016: Adoption of final guidelines <b>October 2016: Proposals due</b> July 2017: Grant awards	This program is different from the \$100M allocated to SMMC and RMC for
DWR Water Use Efficiency: CalConserve Revolving Fund (Proposition 1)	\$10M	\$10M	Sustainable funding source for urban water use efficiency projects.	Projects including but not limited to: <ul style="list-style-type: none"> <li>• Dish/clothes washer upgrades</li> <li>• Water-saving plumbing fixtures</li> <li>• Hot-water recirculating pumps</li> <li>• Leak detection &amp; repair</li> <li>• Landscape irrigation upgrades</li> <li>• Commercial, institutional, and industrial water efficiency</li> </ul>	Solicitation opening soon	Spring 2016: Adoption of final guidelines Summer: Loan applications due	Funding will be split: <ul style="list-style-type: none"> <li>• \$5M for loans to local agencies for water efficiency upgrades</li> <li>• \$5M for loans to customers for onsite projects or leak repairs</li> </ul>
DWR IRWM: Implementation Grants (Proposition 1)	\$418M statewide \$98M for LA Region	TBD	Projects and programs that support IRWM.	Implementation projects including but not limited to: <ul style="list-style-type: none"> <li>• Water reuse &amp; recycling</li> <li>• Water conservation</li> <li>• Surface storage/GW recharge</li> <li>• Conjunctive use</li> <li>• Water conveyance</li> <li>• Watershed restoration/protection</li> <li>• SW resource management</li> <li>• Desalination</li> <li>• WQ improvements</li> </ul>	In development	TBD: Round 1 solicitation for implementation grants	<ul style="list-style-type: none"> <li>• Public comment period ended April 8, 2016</li> </ul>

## Local, State and Federal Funding Opportunities

PROGRAM	Total allocation	Funding available this Round	Purpose	Eligible Projects	Status	Anticipated Timeline	Notes
DWR IRWM: Planning Grants (Proposition 1)	\$5M	\$5M (expected)	Projects and programs that support IRWM.	Planning projects that accomplish: <ul style="list-style-type: none"> <li>• Development of an IRWM plan that meets the IRWM Plan Standards</li> <li>• Compliance with recent legislation</li> <li>• Improvement of an existing IRWM plan.</li> </ul>	Round 1 Solicitation opening soon	June 2016: Adoption of final PSP July 2016: Applicant workshops August 2016: Proposals due September 2016: Round 1 grant awards	<ul style="list-style-type: none"> <li>• Funding can be applied to new or existing IRWMPs</li> </ul>
DWR IRWM: DAC Involvement (Proposition 1)	\$51M statewide \$9.8 for LA Region	\$51M (expected)	Projects and programs that support IRWM.	Projects ensuring DAC involvement in IRWM planning efforts, including but not limited to eligible projects described in the Implementation Grant list.	Round 1 Solicitation opening soon	June 2016: Adoption of final RFP <b>December 2016: Proposals due</b> TBD: Round 1 grant awards	No solicitation – there will be a single proposal for each of the 12 Funding Areas, compiled by DWR and RMC staff.
USBOR WaterSMART Grant Water and Energy Efficiency Grants	\$23.4M overall \$2M Award ceiling	Unknown	USBOR provides 50/50 cost share funding to irrigation and water districts, Tribes, States and other entities with water or power delivery authority.	<ul style="list-style-type: none"> <li>• Develop and update comprehensive drought contingency plans,</li> <li>• Implement projects that will build long-term resiliency to drought</li> <li>• Implement emergency response actions. This program supports drought resiliency projects that will build long-term resiliency to drought and reduce the need for emergency response actions.</li> </ul>	Draft Updated Evaluation Criteria issued September 27 <sup>th</sup> and comments due October 28 <sup>th</sup>	<b>November 2016 Adoption of final PSP</b> <b>January 2017: Proposals due</b>	Projects should seek to conserve and use water more efficiently, increase the use of renewable energy, protect endangered species, or facilitate water markets.

## Local, State and Federal Funding Opportunities

PROGRAM	Total allocation	Funding available this Round	Purpose	Eligible Projects	Status	Anticipated Timeline	Notes
USBOR WaterSMART Grant Small-Scale Water Efficiency Projects	\$23.4M overall \$2M Award ceiling	\$150,000 Federal and Non-Federal cost share of each proposal	USBOR provides 50/50 cost share funding to irrigation and water districts, Tribes, States and other entities with water or power delivery authority.	Projects should be limited to on-the-ground project: <ul style="list-style-type: none"> <li>• Canal Lining/Piping</li> <li>• Municipal Metering</li> <li>• Irrigation Flow Measurement</li> <li>• SCADA and Automation</li> <li>• Landscape Irrigation measures</li> <li>• High-Efficiency Indoor Appliances Fixtures</li> </ul>	Draft Evaluation Criteria issued September 27 <sup>th</sup> and comments due October 28 <sup>th</sup>	November 2016 Adoption of final PSP January 2017: Proposals due	Intended to support specific small-scale water efficiency projects that have been prioritized through planning efforts led by the applicant.
USBOR WaterSMART Grant Cooperative Watershed Management Program (CWMP)	\$10M overall \$2M Award ceiling	Unknown	USBOR provides 50/50 cost share funding to irrigation and water districts, Tribes, States and other entities with water or power delivery authority.	Provides funding to watershed projects: <ul style="list-style-type: none"> <li>• Improving Stream Channel Structure and Complexity</li> <li>• Restoring or Enhancing Floodplains</li> <li>• Restoring or Enhancing Riparian Vegetation</li> <li>• Invasive Species Prevention/Control</li> <li>• Increasing In-stream Flows</li> <li>• Improving habitat through Water Management</li> <li>• Urban Runoff Mitigation and Reduction</li> <li>• Agricultural Runoff Mitigation and Reduction</li> <li>• Mining and Forestry Remediation</li> <li>• Other Water Treatment Projects</li> </ul>	Draft Eligible Project Types and Evaluation Criteria issued September 27 <sup>th</sup> and comments due October 28 <sup>th</sup>	November 2016 Adoption of final PSP January 2017: Proposals due	Provides funding to watershed groups to develop and implement local solutions to improve water quality and the ecological resilience of rivers, streams, and riparian areas; conserve water for multiple uses; and reduce conflicts over water through collaborative conservation efforts in the management of local watersheds.

## Local, State and Federal Funding Opportunities

PROGRAM	Total allocation	Funding available this Round	Purpose	Eligible Projects	Status	Anticipated Timeline	Notes
Title XVI Grants (WaterSMART)	\$20M overall \$4M Award ceiling	Unknown	Reclamation identifies and investigates opportunities to reclaim and reuse wastewaters and naturally impaired ground and surface water in the 17 Western States and Hawaii.	<ul style="list-style-type: none"> <li>Develop and update comprehensive drought contingency plans,</li> <li>Implement projects that will build long-term resiliency to drought</li> <li>Implement emergency response actions. This program supports drought resiliency projects that will build long-term resiliency to drought and reduce the need for emergency response actions.</li> </ul>	PSP to be issued in October 2016	November 2016 Adoption of final PSP January 2017: Proposals due	Title XVI includes funding for the planning, design, and construction of water recycling and reuse projects on a project specific basis.
