

VenturaWaterPure is a potable reuse pilot project for the City of Ventura, who along with other water providers throughout California, is investing in safe and sustainable ways to meet long-term water supply demands. Ventura Water has chosen to partake in a nationwide study that evaluates blending options with other water resources prior to the delivery of drinking water to customers.

Central Coast WaterReuse Chapter Meeting

Thursday, March 24, 2016

10:30 AM – 1:00 PM

You are invited to a tour of the VenturaWaterPure Demonstration Facility and Chapter meeting of the WaterReuse California Central Coast Chapter. The mission of the Chapter is to improve sustainability of water resources on the Central Coast through increasing safe and beneficial water reuse.

Location

VenturaWaterPure Demonstration Facility

Address: 1400 Spinnaker Drive, Ventura, CA 93002

Directions from the north: Located in Ventura Harbor, take US-101 and take exit 68 for Seaward Ave., turn left onto E. Harbor Blvd., and turn right onto Spinnaker Dr.

Meeting Format

Tour of the VenturaWaterPure Demonstration Facility from 10:30 AM to 12:00 PM. Lunch and Chapter meeting from 12:00 PM to 1:00 PM with lunch sponsored by Wallace Group.
