A VOICE IN CALIFORNIA POLICY MAKING

WaterReuse California (WRCA) is the leading voice for recycled water policy in California. Some of its activities include:

- Successfully advocating for the creation of Direct Potable Reuse statewide regulations in legislation and through the regulatory process;
- Advancing recycled water funding proposals through the state legislature in bonds and the state budget;
- Protecting the interest of recycled water in numerous regulatory packages at the Water Board and with other state agencies.

Most of the policy work is done through the WRCA Leg-Reg Committee that meets throughout the legislative session.

To get involved, email Jennifer West, Managing Director of WaterReuse California at jwest@watereuse.org or Charles LaSalle, Regulatory and Legislative Affairs Manager at clasalle@watereuse.org.
