Speaker Biographies

➤ **Stefanie Olson, Dublin San Ramon Services District**

Stefanie has worked in the water and wastewater field for 24+ years. She is the Clean Water Programs Administrator for Dublin San Ramon Services District and administers the recycled water, water conservation, pollution prevention, and cross connection control programs. Stefanie is certified as an AWWA Cross Connection Control Specialist, Backflow Prevention Assembly Tester, and Water Conservation Practitioner Grade II. She is also certified as a CWEA Environmental Compliance Inspector Grade II and Laboratory Analyst Grade I. Stefanie has a degree in Master of Business Administration and Bachelor of Environmental Studies.

➤ **Alex Bucher, West Yost Associates**

Alex Bucher is a registered civil engineer and certified AWWA cross-connection control specialist and manages multi-disciplinary teams that specialize in recycled water compliance, planning, and implementation. He also has experience with recycled water demand analysis, regulatory agency coordination, process design, and construction administration and inspection. He has served as project manager for more than 5,000 recycled water facilities inspections, 1,000 cross-connection shutdown tests, 400 site conversions, and 100 recycled water studies.

➤ **Charles LaSalle, WateReuse California**

Charles LaSalle started working with WateReuse CA in 2017, his focus is primarily on regulation and legislative implementation. Before starting at WateReuse CA Charles worked in the financial sector at an investment firm. He is a graduate of CSU Sacramento.
