

Recycled Water Supply Challenges

WaterReuse California Joint Chapter Meeting

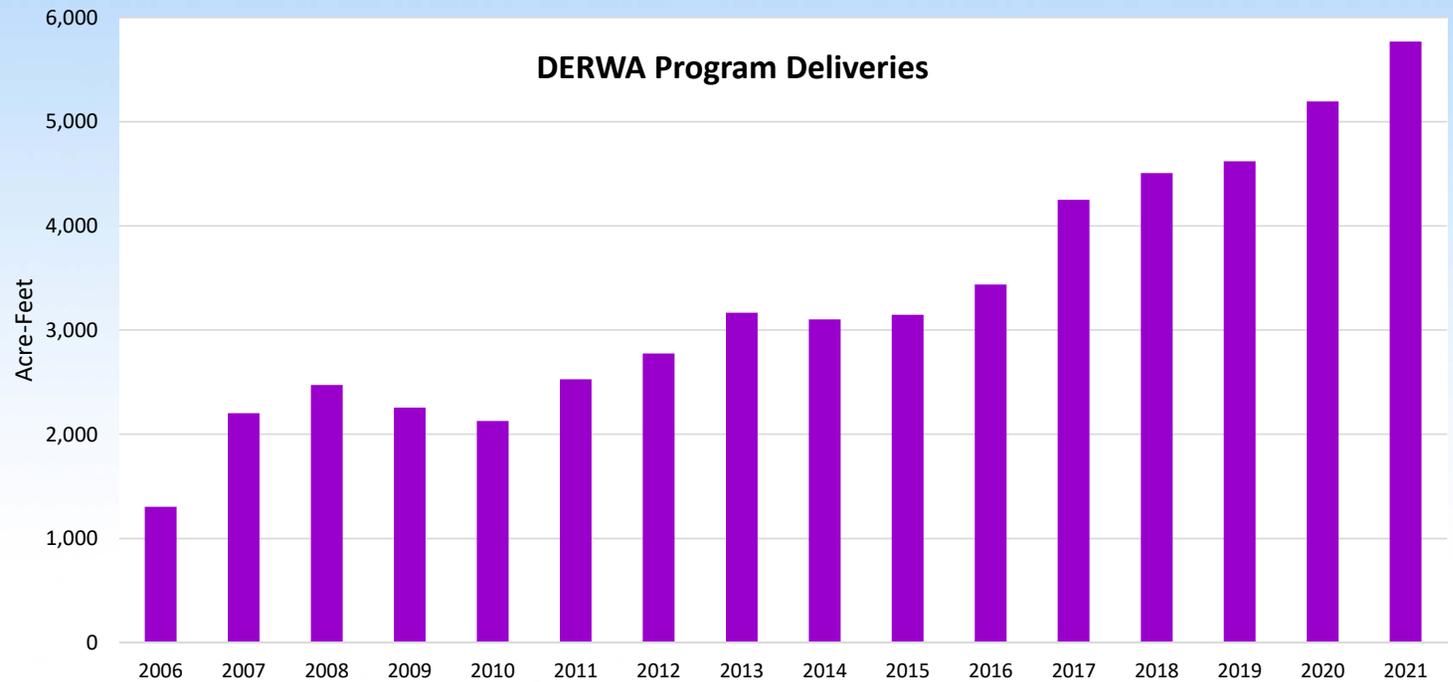

Jan Lee
Assistant General Manager
May 6, 2022

**Dublin San Ramon
Services District**

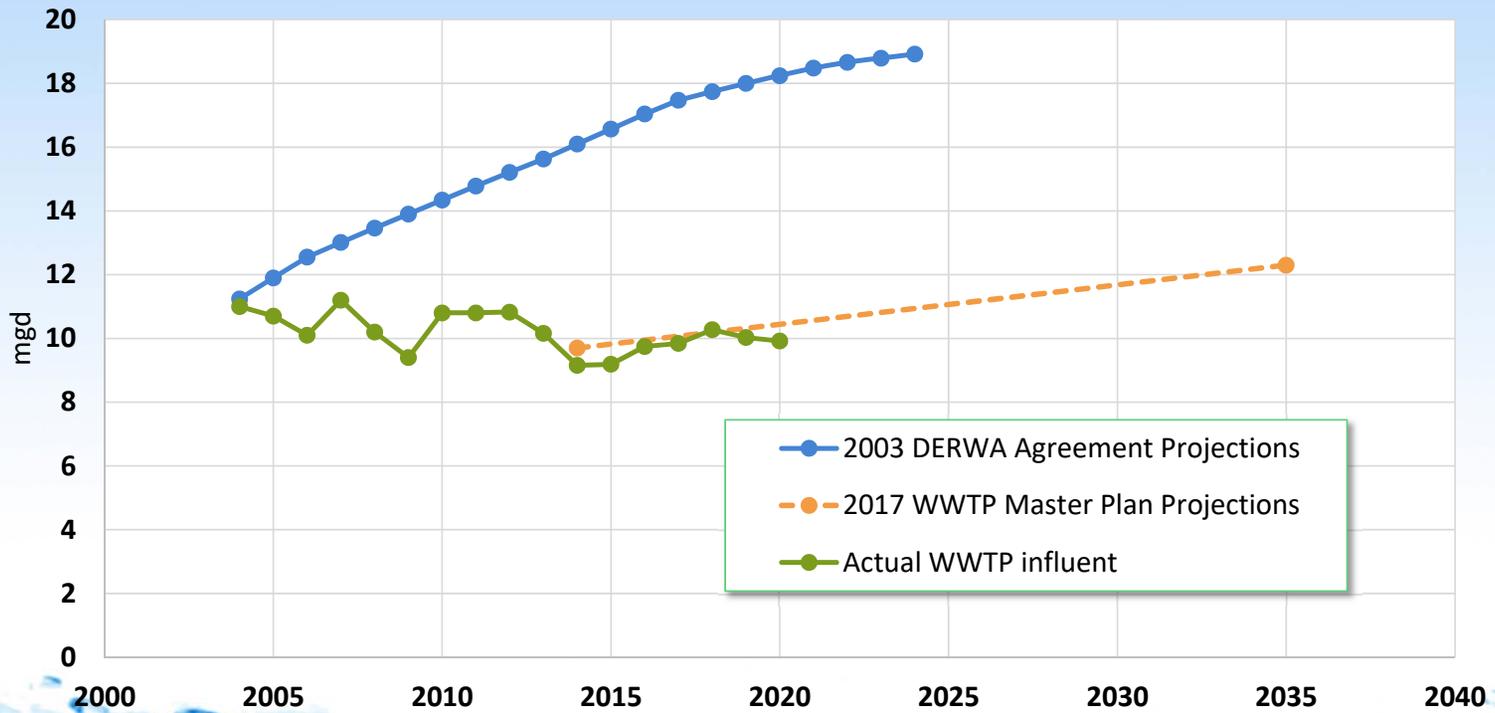

Water, wastewater, recycled water

Growth in Recycled Water Program

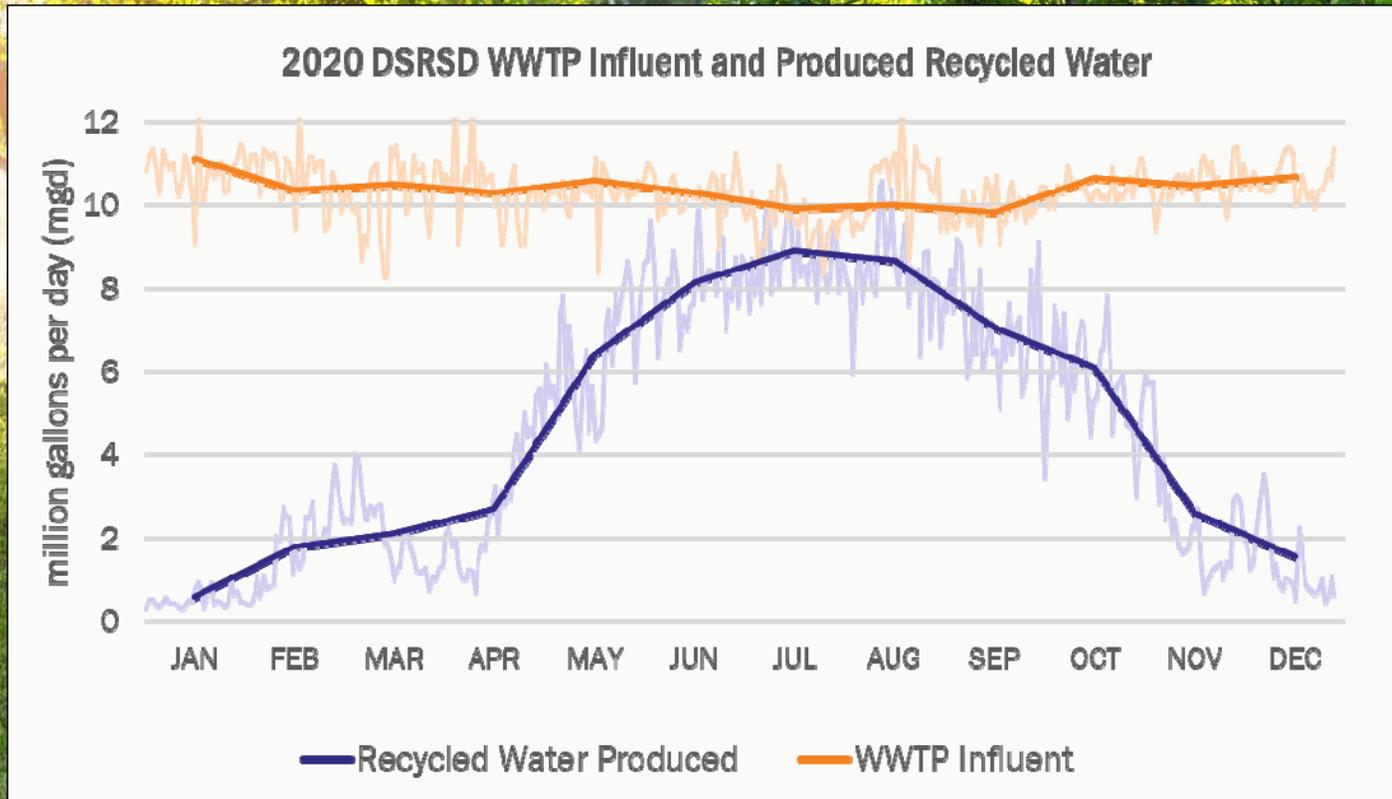

Conservation Impact on Wastewater Flows

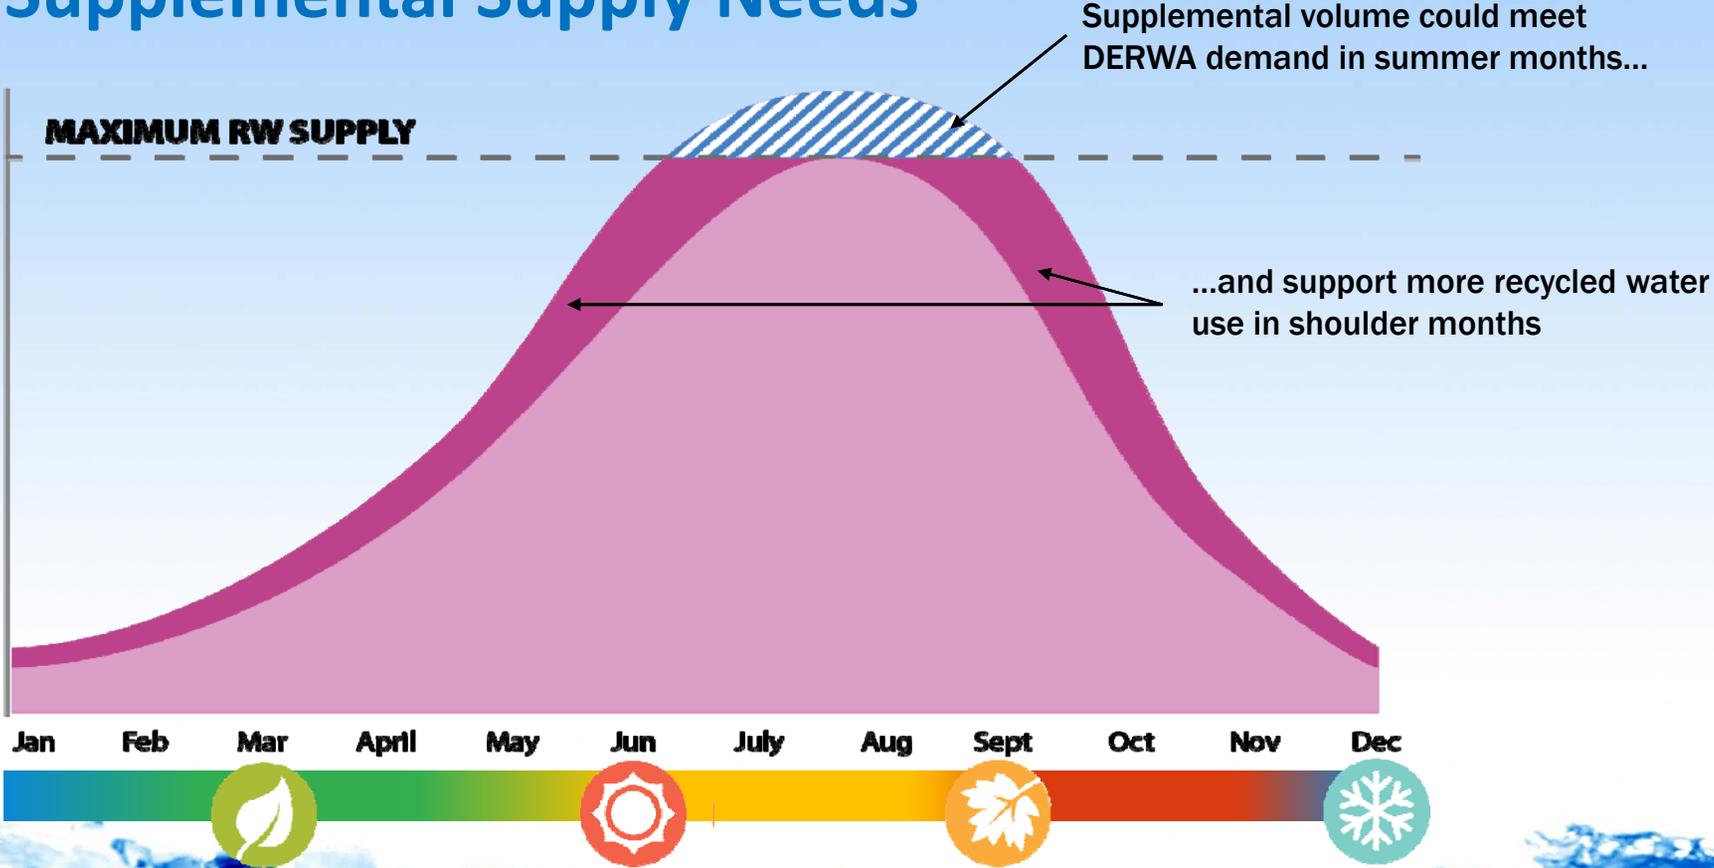

WWTP Influent – Average Dry Weather Flow

Recycled Water Supply Limitation

Supplemental Supply Needs

Central San-DERWA Diversion Project

Additional Efforts

An aerial photograph of a wastewater treatment plant. The facility features several large concrete structures, including a prominent circular tank on the left and a long rectangular building with a blue roof on the right. The water in the tanks is a dark, brownish color. In the background, there are green trees and rolling hills under a clear blue sky. The text 'Additional Efforts' is centered at the top in white. A list of three items is overlaid on the lower-left side of the image, each preceded by a yellow arrowhead.

- » Demand Management
- » Operational Storage
- » Groundwater
