| DWR IRWM Grant Program DAC Involvement (Proposition 1) | \$51M statewide \$9.8 M for LA Region | \$9.8M for LA Region | Projects and programs that support IRWM. | Projects ensuring DAC involvement in IRWM planning efforts, including but not limited to eligible projects described in the Implementation Grant list. | Solicitations Continuously Open | SOLICITATION OPEN | |

Local, State and Federal Funding Opportunities ⁽¹⁾

| PROGRAM TITLE | Description | Eligible Applicants | Federal/Non-Federal Cost Share | Current Status |
|---|--|--|---|---|
| WaterSMART Grants – FY 2023 Drought Response Program Drought Resiliency Projects | Purpose: Funding for on-the-ground projects and modeling tools that will increase water reliability and improve water management. | Category A Applicants: States, Indian tribes, irrigation districts, water districts, or other organizations with water or power delivery authority. Category B Applicants: Nonprofit conservation organizations that are acting in partnership and with the agreement of an entity described above. Applicants must be located in the Western United States or United States Territories specifically: Alaska, Arizona, California, Colorado, Hawaii, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, and Wyoming (the “Western United States”). | Funding Group I: Up to \$500,000 per agreement for smaller, on-the-ground projects that should be completed within 2 years Funding Group II: Up to \$2 million for projects to be completed within 3years; and beginning this year, up to \$5 million for large projects to be completed within three years. Non-Federal Cost Share: 50% or greater. | A Funding Opportunity to allocate FY23 appropriations and Bipartisan Infrastructure Law funding <u>has been</u> posted on grants.gov For more information: https://www.grants.gov/web/grants/view-opportunity.html?oppld=335035 Closed on June 15, 2022. |
| WaterSMART Grants – FY 2023 Water and Energy Efficiency Grants | Purpose: On-the-ground water management improvement projects, including projects that conserve water and address water supply reliability.. | Category A Applicants: States, Indian tribes, irrigation districts, water districts, or other organizations with water or power delivery authority. Category B Applicants: Nonprofit conservation organizations that are acting in partnership and with the agreement of an entity described above. Applicants must be located in the Western United States or United States Territories specifically: Alaska, Arizona, California, Colorado, Hawaii, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, and Wyoming (the “Western United States”), and American Samoa, Guam, the Northern Mariana Islands, the Virgin Islands, and Puerto Rico (“Territories”) (collectively “Western United States or Territories”). | Funding Group I: Up to \$500,000 per agreement for smaller, on-the-ground projects that should be completed within 2 years Funding Group II: Up to \$2 million for projects to be completed within 3years; and beginning this year, up to \$5 million for large projects to be completed within three years. Non-Federal Cost Share: 50% or greater. | A Funding Opportunity to allocate FY23 appropriations and Bipartisan Infrastructure Law funding has been posted on grants.gov For more information: https://www.grants.gov/web/grants/view-opportunity.html?oppld=335103 Applications are due on July 27, 2022 at 4:00 p.m. and selection is estimated to be March 31, 2023. |

Local, State and Federal Funding Opportunities ⁽¹⁾

| PROGRAM TITLE | Description | Eligible Applicants | Federal/Non-Federal Cost Share | Current Status |
|--|--|--|---|---|
| WaterSMART Grants – FY 2022 Small-Scale Water Efficiency Projects | Purpose: To support small water efficiency improvements that have been identified through previous planning efforts. | Category A Applicants: States, Indian tribes, irrigation districts, water districts, or other organizations with water or power delivery authority. Category B Applicants: Nonprofit conservation organizations that are acting in partnership and with the agreement of an entity described above. Applicants must be located in the Western United States or United States Territories specifically: Alaska, Arizona, California, Colorado, Hawaii, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, and Wyoming (the “Western United States”), | Up to \$100,000 for projects to be completed within two years. Total project costs should generally be less than \$225,000. Non-Federal Cost Share: 50% or greater. | FY22 Funding Opportunity was posted to grants.gov on February 24, 2022. Closed on April 28, 2022. |
| WaterSMART Grants – FY 2022 Water Marketing Strategy Grants | Purpose: Planning activities to develop water marketing strategies that establish or expand water markets or water marketing activities between willing participants. | Category A Applicants: States, Indian tribes, irrigation districts, water districts, or other organizations with water or power delivery authority. Category B Applicants: Nonprofit conservation organizations that are acting in partnership and with the agreement of an entity described above. Applicants must be located in the Western United States or United States Territories specifically: Alaska, Arizona, California, Colorado, Hawaii, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, and Wyoming (the “Western United States”), and American Samoa, Guam, the Northern Mariana Islands, the Virgin Islands, and Puerto Rico (“Territories”) (collectively “Western United States or Territories”). | Up to \$200,000 for projects to be completed within two years; or up to \$400,000 for projects to be completed within three years. Non-Federal Cost Share: 50% or greater. | FY21 selections were announced July 1, 2021. The next Funding Opportunity is expected in fall or winter 2022. |

Local, State and Federal Funding Opportunities ⁽¹⁾

| PROGRAM TITLE | Description | Eligible Applicants | Federal/Non-Federal Cost Share | Current Status |
|---|--|---|--|--|
| WaterSMART Grants – FY 2022 Environmental Water Resources Projects | Purpose: Environmental Water Resources Projects, including water conservation and efficiency projects that result in quantifiable and sustained water savings and benefit ecological values; water management or infrastructure improvements to mitigate drought-related impacts to ecological values; and watershed mgmt or restoration projects benefitting ecological values that have a nexus to water resources or water resources mgmt. | Applicant eligibility is as described above with the addition of Category C Applicants as described below. Category C Applicants: Nonprofit conservation organizations submitting an application for a project to improve the condition of a natural feature without a category A partner must demonstrate that entities described in Category A in the applicable service area have been | Up to \$2 million for a project to be completed within three years; and beginning this year, up to \$5 million for large projects to be completed within three years. Non-Federal Cost Share: 25 - 50% | FY22 Funding Opportunity applications received by December 9, 2021, are currently under review. Selections are expected in late spring. A Funding Opportunity to allocate FY23 and Bipartisan Infrastructure Law funding is anticipated in mid-May 2022. For more information: https://www.grants.gov/web/grants/view-opportunity.html?oppld=335081 |
| Applied Science Grants | Phase I Projects to develop hydrologic information and water management tools and to improve modeling and forecasting capabilities. | States, Indian tribes, local and special districts (e.g., irrigation and water districts), local governmental entities, and non-profit organizations that are located in the Western United States or Territories. | Up to \$200,000 per agreement for a project that can be completed within 2 years. Non-Federal Cost Share: 50% or greater | FY22 Funding Opportunity was posted on grants.gov on February 16, 2022. Closed on April 14, 2022. |

Local, State and Federal Funding Opportunities ⁽¹⁾

| PROGRAM TITLE | Description | Eligible Applicants | Federal/Non-Federal Cost Share | Current Status |
|---|--|--|--|--|
| Cooperative Watershed Management Program | Phase I Watershed group development, watershed restoration planning, and watershed management project design. | States, Indian tribes, local and special districts (e.g., irrigation and water districts), local governmental entities, and non-profit organizations that are located in the Western United States or Territories. | Up to \$200,000 may be awarded to an applicant per year, for a period of up to two years. Non-Federal Cost Share: No non-Federal cost-share required. | The FY22 Funding Opportunity is being used to allocate FY22 appropriations once enacted. FY22 Funding Opportunity was posted to grants.gov on January 24, 2022. Applications were due March 31, 2022. |
| Drought Emergency Response Actions | Emergency response actions undertaken by Reclamation to minimize losses and damages resulting from drought. | States and Indian tribes in the Western United States (except Alaska). | Funding availability is dependent on appropriations. No cost-share is required | Reclamation will accept emergency assistance requests on an on-going basis. |
| Desalination Construction | Funding for planning, design, and construction of WIIN Act brackish groundwater and ocean desalination projects | Sponsors of desalination projects located in the Western United States or Territories (except Alaska and Hawaii) with completed feasibility studies that have been submitted to Reclamation for review. | Typically, between \$1 million and \$6 million per applicant. Non-Federal Cost Share: 75% or greater. | The FY22 Funding Opportunity is being used to allocate FY22 appropriations once enacted and \$15 million included for Desalination Projects in the FY22 Bipartisan Infrastructure Law Spend Plan. FY22 Funding Opportunity was posted to grants.gov on January 14, 2022. Applications were due March 15, 2022. |
| Title XVI Authorized Projects | Funding for planning, design, and construction of specific congressionally authorized water recycling and reuse projects | Sponsors of water reclamation and reuse projects specifically authorized for funding under Title XVI of P.L. 102-575. | Typically, between \$1 million and \$6 million per applicant. Non-Federal Cost Share: 75% or greater. | These FY22 Funding Opportunities are being used to allocate FY22 appropriations once enacted and \$245 million included for the Title XVI Program in the FY22 Bipartisan Infrastructure Law Spend Plan. FY22 Funding Opportunity was posted to grants.gov on January 14, 2022. Applications were due March 15, 2022. |

Local, State and Federal Funding Opportunities ⁽¹⁾

| PROGRAM TITLE | Description | Eligible Applicants | Federal/Non-Federal Cost Share | Current Status |
|--|--|--|---|---|
| Title XVI WIIN Act Water Reclamation and Reuse Projects | Funding for planning, design, and construction of WIIN Act water recycling and reuse projects | Sponsors of water reclamation and reuse projects with completed feasibility studies that have been submitted to Reclamation for review. | Typically, between \$1 million and \$6 million per applicant. Non-Federal Cost Share: 75% or greater. | These FY22 Funding Opportunities are being used to allocate FY22 appropriations once enacted and \$245 million included for the Title XVI Program in the FY22 Bipartisan Infrastructure Law Spend Plan. FY22 Funding Opportunity was posted to grants.gov on January 14, 2022. Applications were due March 15, 2022. |
| USEPA Water and Infrastructure Finance and Innovation Act (WIFIA) Program | Wastewater conveyance and treatment projects Drinking water treatment and distribution projects Enhanced energy efficiency projects at drinking water and wastewater facilities Desalination, aquifer recharge and water recycling projects | Local, state, tribal and federal government entities Partnerships and joint ventures Corporations and trusts CWSRF and DWSRF programs | \$20M minimum project size for large communities \$5M minimum project size for small communities (<25,000) | Funding available now 49% maximum portion of eligible project costs that WIFIA can fund EPA announces WIFIA funding availability and application process details in the Federal Register and on its website (www.epa.gov/wifia) NEPA, Davis-Bacon, American Iron and Steel and all federal cross-cutter provisions apply. Includes acquisition of property if it is integral to the project or will mitigate the environ. impact of a project. |

(1) The Summary of Funding Opportunities for local, State and Federal is not an exhaustive recycled water opportunities and welcome any input from the WateReuse membership to add additional opportunities from other organizations.
