

JOIN WATEREUSE CALIFORNIA!

The WaterReuse Association is the nation's only trade association solely dedicated to advancing laws, policy, funding, and public acceptance of recycled water. WaterReuse represents a coalition of utilities that recycle water, businesses that support the development of recycled water projects, and consumers of recycled water.

About WaterReuse California

WaterReuse California (WRCA) is a state section of the national organization, the WaterReuse Association (WRA). WRCA is the leading voice and advocate for water recycling in California.

WRCA has approximately 220 members that include water utilities, consultants and businesses, universities, and institutions. WRCA has a Board of Trustees, a number of standing committees and seven local chapters. WRCA's Board employs a Managing Director and a contract legislative advocate.

- Monitor and analyze statewide regulatory activities impacting recycled water.
- Provide written and public comments on regulations impacting recycled water.
- Provide oral and written reports to the WRCA Leg-Reg Committee (primary committee addressing regulations), the Board of Trustees, and the seven chapters.
- Facilitate outreach to allied stakeholders on recycled water issues.
- Provide support to the Managing Director on annual conference and other special projects.
- Provide monthly newsletter articles and written reports to WRA on regulatory activities.

WRCA works primarily with the California Legislature and state regulatory agencies while also assisting its members with local recycled water policy and communication issues. WRCA also support the national WRA and helps coordinate state responses to national recycled water issues.

The Position

The Regulatory Analyst reports to the Managing Director of WRCA and will be an employee of WRA.

A successful candidate will possess the following skills and abilities

The ideal candidate has background in California water issues, strong written and verbal communication skills, is highly organized, able to work independently, and able to prioritize and
