# Example of the WateReuse Association Funding Summary

Local, State and Federal Funding Opportunities <sup>(1)</sup> February 2023

PROGRAM	Total allocation	Funding available this Round	Purpose	Eligible Projects	Status	Anticipated Timeline	Notes
SWRCB Division of Financial Assistance: Clean Water State Revolving Funding	\$650 Million		<p>Construction of POTWs:</p> <ul style="list-style-type: none"> <li>Wastewater treatment</li> <li>Local sewers</li> <li>Sewer interceptors</li> <li>Water reclamation distribution</li> <li>Stormwater treatment</li> <li>Combined sewers</li> <li>Landfill leachate treatment</li> </ul> <p>Implementation of NPS projects to address pollution associated with:</p> <ul style="list-style-type: none"> <li>Agriculture</li> <li>Forestry</li> <li>Urban Areas</li> <li>Marinas</li> <li>Hydromodification</li> <li>Wetlands</li> </ul> <p>Development and implementation of estuary comprehensive.</p>	<ul style="list-style-type: none"> <li>Any city, town, district, or other public body created under state law, including state agencies</li> <li>A Native American tribal government or an authorized Native American tribal organization having jurisdiction over disposal of sewage, industrial wastes or other waste</li> <li>Any designated and approved management agency under Section 208 of the Clean Water Act</li> <li>501(c)(3)'s and National Estuary Programs</li> </ul>	SOLICITATION OPEN	Complete and submit an application online through the Financial Assistance Application Submittal Tool (FAAST) at <a href="https://faast.waterboards.ca.gov">https://faast.waterboards.ca.gov</a>	<p>The application is also available on the CWSRF website at:</p> <p><a href="https://www.waterboards.ca.gov/water_issues/programs/grants_loans/srf/">https://www.waterboards.ca.gov/water_issues/programs/grants_loans/srf/</a></p>

# 3 USBR Title XVI – Water Recycling and Desalination Planning

- Development of new water recycling and desalination feasibility studies; Preparation of preliminary project cost estimates, Design activities and environmental and cultural resource compliance activities.
- Due Tuesday, February 28, 2023 at 4:00 p.m. M.S.T.
- 50 percent match and \$1,000,000 per entity
- \$30 Million in available program funding

# USBR WaterSMART Environmental Water Resources Projects for FY 2023

- This may include, but is not limited to, projects that improve the timing or quantity of water available; improve water quality and temperature; improve stream or riparian conditions for the benefit of plant and animal species, fish and wildlife habitat, riparian areas, watershed health, and ecosystems; restore a natural feature or use a nature-based feature to reduce water supply and demand imbalances or the risk of drought or flooding; and projects that otherwise mitigate against the impacts of climate change to fish and wildlife habitats. This includes projects that provide benefits to multiple sectors, including projects that benefit ecological values or watershed health AND agricultural, municipal, Tribal, or recreation water uses. Additionally, projects with multiple benefits to watershed health are encouraged and prioritized.
- Up to \$3,000,000 per project for a project that can be completed within 3 years. Total project costs shall not exceed \$6,000,000.
- Recipients Cost share: 25-percent
- Applications due 3/28/23 at 4:00 p.m. MDT

# USBR Water Conservation Field Services Program Financial Assistance for FY 2023 and 2024

- Water management and conservation plans provide entities an opportunity to document data on current water supply and demand, prepare a forecast for future water demands, identify water conservation goals, and determine conservation measures (e.g., cost/pricing of water, water accounting, landscape efficiency, information and education, water use regulation, etc.). This component involves developing a written water management and/or conservation plan.
- 2<sup>nd</sup> closing date October 13, 2023
- 50 percent match and \$100,000 per entity

# USBR Small Storage Program

- Funding for surface and groundwater storage projects between 200 and 30,000 acre-feet. Projects must also increase the storage or move water to or from the storage project.
- Up to \$100 million will be made available under the program with the first awards to be announced in Spring 2023.
- Deadline extended
- Webinar on 2/22/2023 at 12:00 pm MST
