

Ohio is the first state in the Midwest to join the WaterReuse Association.

To participate in the Ohio State Section, national membership in the WaterReuse Association is required. All of our memberships are organizational and all staff people can access our benefits.

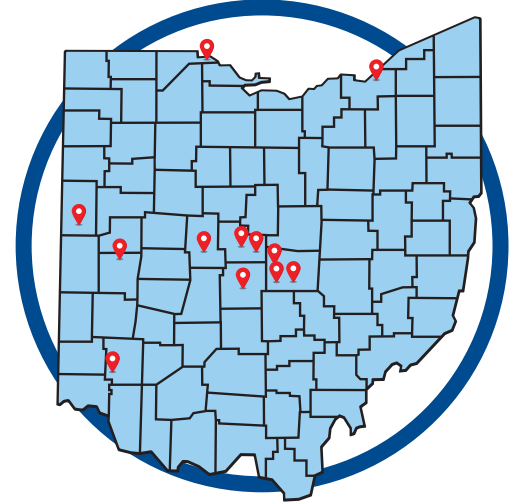

WaterReuse offers memberships for [utilities](#), [businesses](#), and [nonprofits/institutions](#). Of note, 30% of your dues are routed directly to the Ohio State Section to support their work.

Some highlights of our benefits include:

- Our weekly **WaterReuse Review Newsletter** detailing federal and state policy updates, member news, and event updates.
- Member-only resources on our website, including **communications and networking tools**, a catalog of water recycling research, a membership directory, and more.
- Participation in our **state section(s)** to engage in local advocacy and education.
- **Complimentary educational webcasts** that you can watch live or on-demand at your convenience.
- Connection with your peers – nationally, locally, and virtually – through our **working groups and committees**.

You can review our [Membership Flyer](#) for a more complete list and our [2023 Accomplishments](#) report for more details on the work we do on behalf of the Water Reuse community.

WaterReuse Ohio Founding Members

Inaugural Officers

President: John Newsome, Columbus
Vice President: Brian Coghlan, Del-Co
Secretary: Patekka Bannister, Toledo
Treasurer: Andrew Sampson, MSD Cincinnati

“This organization will allow for the thoughtful development of water reuse standards and sharing of best practices while protecting our most precious natural resource for future generations of Ohioans.”

Ohio EPA Director, Anne Vogel

“Delaware County views reuse as a critical driver for the long-term growth of Central Ohio.”

Delaware County Regional Sewer District Director, Tiffany Maag

“The formation of an Ohio WaterReuse Section is a testament to the fact that water recycling can help any region in the U. S. manage its water resources more effectively! We look forward to supporting Ohio’s communities adopt water recycling practices to ensure the economy continues to thrive for Ohio’s residents.”

WaterReuse Association Executive Director, Patricia Sinicropi

Dues

Utilities pay a flat fee based on the service area population for annual membership to the WaterReuse Association.

Tier	Population	Dues
1	Fewer than 25,000	\$1,150
2	25,000 - 49,999	\$1,440
3	50,000 - 74,999	\$2,820
4	75,000 - 99,999	\$4,140
5	100,000 - 124,999	\$5,150
6	125,000 - 149,999	\$6,440
7	150,000 - 174,999	\$7,880
8	175,000 - 199,999	\$9,060
9	200,000 - 224,999	\$10,090
10	225,000 - 249,999	\$11,180
11	250,000 - 299,999	\$12,420
12	300,000 - 399,999	\$13,740
13	400,000 - 499,999	\$14,690
14	500,000 - 749,999	\$15,610
15	750,000 - 999,999	\$16,450
16	1,000,000 - 2,499,999	\$17,420
17	2,500,000 - 4,999,999	\$18,290
18	5 million +	\$19,230

Reuse Related Businesses can join additional state sections for \$450 each.

Institutions, Affiliated Agencies, and Organizations pay a flat fee of \$460 annually for membership.
