

WateReuse Texas Poster Proposal Requirements

Posters should be an eye-catching, visual representation with a maximum size of 34" x 22" focusing on research related to reuse technology, financing or financial aspects, or other research topics. Research poster proposals should include the following:

1. Poster title and participant(s) bio (up to 100 words)
2. Abstract up to 500 words on the poster and project, including the results and how they relate to reuse if not obviously related. Provide some information about how the poster will convey the information visually and/or how you will engage conference attendees.

Poster presenters must register and pay for the WateReuse Texas Conference but can use the student rate of \$25 if they are currently a student at a WateReuse Texas member organization.

There are two Best Student Poster Awards available for the first and second place winners of the student poster competition. This competition is judged at the conference by volunteers from the WRTX Research Committee.

Interested parties should submit their proposal and bio to wrtxconference@watereuse.org or click the button on the Awards and Research Poster page at <https://watereuse.org/sections/watereuse-texas/wrtx-awards/> to submit their materials.
